

SEMINAIRE EXCEPTIONNEL

(de 16 h à 17 h, salle Belledonne IMEP, MINATEC,
ouvert aux chercheurs des autres laboratoires)

Jeudi 8 novembre 2012

“Micro- and nanoelectronics circuits for wireless communications”

by Alexander S. KOROTKOV

Professor, Integrated Electronics Department,
St. Petersburg State Polytechnical University

Key words: CMOS technology, amplifiers, mixers, VCO, ADC, SRAM.

Alexander S. Korotkov was born in 09.09.1961, St. Petersburg, Russia. He received the Dipl. Eng. degree in electronics, the Ph.D., and the Dr. Sc. (habil.) degrees in electrical engineering in 1984, 1991, and 2000 respectively, from St. Petersburg State Polytechnical University. Since 1984 he has been with the University as researcher and lecturer. Dr. Korotkov has got the Professor position in 2000. He has served as a Vice-Dean of Radio Physical Science and Engineering Faculty of the University and a Vice-Chair of the University International Department. Prof. Korotkov is presently a Head of Integrated Electronics Department.
